

Avesta Sheffield Pipe Co.; Damascus Tube Division, Damascus-Bishop Tube Co.; and the United Steelworkers of America (AFL-CIO/CLC), herein referred to as "the domestic industry," for administrative review of the antidumping duty order on certain welded ASTM A-312 stainless steel pipe from Korea. On January 25, 1999, the Department published its initiation of this administrative review covering the period of December 1, 1997 through November 30, 1998 (64 FR 3682).

Extension of Time Limits for Preliminary Results

Because of the reasons enumerated in the Memoranda from Joseph A. Spetrini to Robert S. LaRussa, *Extension of Time Limit for the Administrative Review of Certain Welded ASTM A-312 Stainless Steel Pipe from Korea*, dated December 13, 1999, it is not practical to complete this review within the time limits mandated by section 751(a)(3)(A) of the Act.

Therefore, in accordance with section 751(a)(3)(A) of the Act, the Department is extending the time limits for the preliminary results to December 20, 1999. The final results continue to be due 120 days after the publication of the preliminary results.

Dated: December 13, 1999.

Joseph A. Spetrini,

Deputy Assistant Secretary for AD/CVD Enforcement III.

BILLING CODE 3510-DS-P

DEPARTMENT OF COMMERCE

National Oceanic and Atmospheric Administration

I.D. 121599C]

Socioeconomic Monitoring Program for the Florida Keys National Marine Sanctuary

AGENCY: National Ocean Service (NOS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Proposed collection; comment request.

SUMMARY: The Department of Commerce, as part of its continuing effort to reduce paperwork and respondent burden, invites the general public and other Federal agencies to take this opportunity to comment on proposed and/or continuing information collections, as required by the Paperwork Reduction Act of 1995,

Public Law 104-13 (44 U.S.C. 3506(c)(2)(A)).

DATES: Written comments must be submitted on or before February 22, 2000.

ADDRESSES: Direct all written comments to Linda Engelmeier, Departmental Forms Clearance Officer, Department of Commerce, Room 5327, 14th and Constitution Avenue NW, Washington DC 20230 (or via Internet at LEngelme@doc.gov).

FOR FURTHER INFORMATION CONTACT: Requests for additional information or copies of the information collection instrument(s) and instructions should be directed to Dr. Vernon R. Leeworthy, NOS/Special Projects Office, 1305 East West Highway, SSMC 4, 9th Floor, Silver Spring, Maryland 20910 (301-713-3000, ext. 138) or via Internet at Bob.Leeworthy@noaa.gov.

SUPPLEMENTARY INFORMATION:

I. Abstract

The purpose of this information collection is to add socioeconomic monitoring information to the ecological monitoring information in the Florida Keys National Marine Sanctuary (FKNMS). In 1997, regulations became effective that created a series of "no take zones" in the FKNMS. Monitoring programs are used to test the ecological and socioeconomic impacts of the "no take zones". This year three voluntary data collection efforts will be initiated to support the socioeconomic monitoring program.

The first collection involves a set of four panels on commercial fishing operations, where commercial fishermen will be interviewed to assess financial performance and assess the impacts of Sanctuary regulations. Information on catch, effort, revenues, operating and capital costs will be obtained to do financial performance analysis. Information on socioeconomic factors for developing profiles of the commercial fishermen such as age, sex, education level, household income, marital status, number of family members, race/ethnicity, percent of income derived from fishing, percent of income derived from study area, years of experience in fishing will be gathered to compare panels with the general commercial fishing population. The data would be collected annually.

The second collection will monitor recreational for-hire operations through the use of dive logs for estimating use in the "no take areas" versus other areas for snorkeling, scuba diving and glass-bottom boat rides. Volunteers will collect the logbooks monthly.

The third collection will survey all users of "no take areas". Respondents will be asked to rate both the importance and satisfaction with various natural resource attributes and characteristics (e.g., water clarity, coral cover, number and diversity of sea life, etc.).

II. Method of Collection

Interviews will generally be used. The user surveys will also include use of a mailed questionnaire. The dive shop logbook collection is a request to keep records.

III. Data

OMB Number: None

Form Number: None

Type of Review: Regular submission

Affected public: Individuals, business or other for-profit

Estimated Number of Respondents: 1,070

Estimated Time Per Response: 3 hours for commercial fishing panels, 10 hours for dive shops, and 20 minutes for sanctuary users.

Estimated Total Annual Burden Hours: 920

Estimated Total Annual Cost to Public: \$0

IV. Request for Comments

Comments are invited on: (a) Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information shall have practical utility; (b) the accuracy of the agency's estimate of the burden (including hours and cost) of the proposed collection of information; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology.

Comments submitted in response to this notice will be summarized and /or included in the request for OMB approval of this information collection; they also will become a matter of public record.

Dated: December 10, 1999.

Linda Engelmeier,

Departmental Forms Clearance Officer, Office of Chief Information Officer.
